SUMMARY

BCA graduate with skills in Python, MySQL, React, JavaScript, and web development. Developed multiple full-stack projects using PHP, MySQL, React, and Vite. Seeking an entry-level Software Developer/Python Developer role.

TECHNICAL SKILLS

Programming Skills

- Python
- Java

Frontend Skills

- HTML
- Javascript
- CSS
- Bootstrap
- React
- Vite

Backend Skills

- PHP
- XAMPP
- MYSQL

Version Control

- Git
- GitHub

Design

- Figma

CERTIFICATIONS/MOOC COURSES

- Ethical Hacking Course | Infosys Springboard | Aug,2023
- Figma Course | Udemy | March, 2026
- Front-End Development | PM-USHA Skill Development Program | 2025
- Python Essentials 1 | Cisco Networking Academy | June 2026

PROJECTS

Tours & Travel Management System | Full-Stack Web Application

Technologies: HTML, CSS, JavaScript, PHP, MySQL

- Developed a responsive Tours & Travel Management System for managing tour packages and customer bookings.
- Implemented booking forms, package listings, and database connectivity using PHP and MySQL.
- Designed a user-friendly interface to improve customer experience and navigation.

Personal Portfolio Website | Full-Stack Portfolio Platform

Technologies: HTML, CSS, JavaScript, PHP, MySQL

- Built a professional portfolio website to showcase projects, skills, and certifications.
- Integrated a contact form with backend handling using PHP and MySQL.
- Designed a responsive UI compatible with desktop, tablet, and mobile devices.

CyberSentinel – Cybersecurity Awareness Platform

Technologies: HTML, CSS, JavaScript, PHP, MySQL

- Developed a cybersecurity awareness platform providing security tips, threat information, and safe online practices.
- Created informative pages on phishing, malware, password security, and cyber threats.
- Designed an interactive and responsive interface for better user engagement.

AutoMart Car Listing Platform

Technologies: React.js, Vite, CSS

- Developed a modern car listing platform featuring vehicle browsing and search functionality.
- Implemented reusable React components for efficient UI development.
- Designed a fully responsive interface ensuring smooth user experience across devices.

Personal Portfolio Website (React Version)

Technologies: React.js, Vite, CSS

- Created a modern portfolio website using React and Vite.
- Showcased projects, technical skills, certifications, and contact information.
- Optimized performance and responsiveness for improved user experience.

ACHIEVEMENTS

- Developed 5+ web development projects using PHP, MySQL, React, and JavaScript.
- Built and deployed a personal portfolio website.
- Currently pursuing Java and Python Full Stack Development training through KodNest.
- Applied Git and GitHub for version control and collaborative development.
- Successfully completed Front-End Development training under the PM-USHA Skill Development Program
